Summary

Passionate and motivated web and mobile app developer eager to apply foundational knowledge in full-stack development and Al integration. Familiar with React, Node.js, and Java/Kotlin, with a keen interest in leveraging Al technologies such as machine learning and natural language processing to enhance user experiences. Enthusiastic about learning and applying Al-driven solutions to improve app functionality and automation.

Education

Faculty of Computing and Information Technology, PU (3.01/4)   Lahore, Pakistan
BS Information Technology   December 2022 -Still Continue

Government College Township (1045/1100)   Lahore, Pakistan
FSc Pre-Medical   August 2019 - October 2021

Professional Experience (Summer Internships)

eCommerce (Amazon Internship)   June 2023 – September 2023
- At Empirical Solutions, I learned about all the tools and shortcuts it takes to handle an eCommerce Store. I created strong relations with our clients and managed their Stores, from listing of   products to shipping out the inventory to warehouses. This helped me to polish my communicatoin skills.
